

CITB Wizard for Construction Phase Plans

CITB WIZARD APP – for producing Construction Phase Health and Safety Plans

MSP thought you may be interested to know that the incredibly useful CITB Wizard app is available to use on your desktop/laptop/smart phone etc. You can:

- Create and access your account from your desktop or from any smartphone.
- Create and edit Construction Phase Plans
- Start a plan on one device or computer, log on to another device or computer and continue
- Upload your company logo to be automatically put on to the plan
- Upload a copy of your signature so you no longer need to print off the document before sending
- Complete and save multiple plans to the Cloud
- Have several partially finished plans ready to be completed later.

Previously the app was only available to use on your smart phone/tablet; now the desktop version is even more flexible and will enable you to create your Construction Phase Plans much more easily.

If you are not already aware of this, the link is attached below for your convenience:

PDF Creator

PDF creating

You may also be interested to know that from individual documents, you can create a compiled PDF in order to send RAMS and Construction Phase Plans to Clients etc. The PDF24 Creator is a free desktop PC tool to convert every printable file to a PDF.

- Drag your documents into the PDF Creator
- Click once to compile as one document
- Save in your relevant folders ready to send to Clients or print when required.
